

2012-2013

# Annual Report

**Davenport-Perth**

Neighbourhood and Community Health Centre

community health centre

We provide healthcare programs for those in need. We provide youth programs that shape, inspire and support the leaders of tomorrow. We are the shoulder of support for all in need. We shape the young minds of the future. We invigorate our elderly and create a sense of belonging. We are continuously building a stronger and healthier community. We touch lives everyday. We are Davenport-Perth Neighbourhood and Community Health Centre.

Life happens here.™

# Message from the President and Executive Director

2012/13 was an eventful year for Davenport-Perth Neighbourhood and Community Health Centre (DPNCHC), one that saw the realization of a vision and the completion of a long term project. On September 7, 2012, the health centre moved from its location in the main building to a brand new and much improved space at 1892 Davenport Rd. This new space means we have expanded capacity to offer more health services to the community. However, one of the things that has slowed down our intake of new clients is the recent adoption of a new electronic medical record system.

The new electronic medical record is one that is going to be used by all community health centres across Ontario. It is meant to improve clinic work processes and improve client care. Davenport-Perth is a beta site (an early adopter) of this electronic medical record and that brought with it many challenges and problems that are short term but that significantly slowed down our work processes and ultimately affected our ability to take in new patients. The problems are being worked on aggressively by the vendor and we expect to be able to accelerate our intake of new clients shortly.

Wonderful highlights from the past year include: our Waist Watchers 55+ program that helps seniors manage their weight and chose healthy options; the combining of our Children and Youth programs for more seamless service; the new Boys Night Out program for older youth in the Pelham Park community; the expansion of Settlement services which now includes a new part time position to help with the overwhelming demand in the Settlement program; and in our Early Years Program a new focus on infant mental health, the completion of a Peer Outreach manual and a wonderful digital story that can be accessed on our website: [www.dpnchc.ca](http://www.dpnchc.ca). More details

on these and other program updates are available in our Annual Report.

Last year, DPNCHC conducted a community needs assessment, the first one in more than a decade, to determine the needs of the community and whether we were offering the right programs to the right people. The needs assessment information was gathered by looking at community demographic information and by talking to community members and service providers of other local organizations. In all, more than fifty (50) people provided feedback to inform the needs of the community. Out of the needs assessment, DPNCHC began strategic planning and identified areas for more concentrated efforts over the next five (5) years. For more details about our upcoming strategic plan, please see the bottom of this page.

DPNCHC is a vibrant and caring organization that provides innovative and supportive services to the West Toronto community. These services would not be possible without our dedicated board and staff along with more than 256 volunteers who, in the past year, contributed over 15,000 hours helping the Centre do its work.

**We thank our volunteers, board members, staff and community members for coming together to create a wonderful and dynamic community hub in the Davenport neighbourhood.**

Executive Director

# Strategic Directions & Objectives

## Health Promotion

We will improve the health and wellbeing of at risk populations through targeted health promotion initiatives

## Seniors

We will improve the health and well being of seniors, especially those who experience barriers

## Youth

We will improve the health and well being of youth in our community especially those who experience barriers

## Mental Health

We will focus on early intervention and support for people experiencing mental health challenges

## Health and Academic Outcomes

Children, youth, and families will experience improved health and academic outcomes

## Organizational Capacity

We'll build organizational capacity to respond to changing stakeholder priorities

## SENIORS SERVICES

# It's never too late to learn something new

From the sensuous movements of Zumba Gold to the rhythmic clik-clak of knitting needles; from the raucous laughter of the Italian “Donne Insieme” and Portuguese “Cantinho da Amizade 55+” to the quiet brush strokes in sync with music from our radio, DPNCHC’s Seniors’ Services is a place of learning, friendship, song, dance and poetry. In 4 languages (English, Italian, Portuguese and Spanish) we laugh, cry, exercise, discuss, champion, and share in 14 FREE, weekly programs promoting better health, wellness, and fun.

**For more information, please call 416 656 8025  
or visit [www.dpnchc.ca/seniors](http://www.dpnchc.ca/seniors).**

## Highlight

More than 130 men and women 55 years and older, took part in a successful pilot project called Waist Watchers55+. This 18-week, weight self-management program, funded by the Ontario Ministry of Tourism, Recreation and Sport, covered topics related to weight including: BMI; mindful eating; food marketing; changing habits; salt, fat and sweet intake; healthy substitutions; sleep; snacking; and, how to use pedometers. Participants were given fitness tests, weighed, measured and interviewed. Seniors lost weight, reduced their BMIs, lowered their blood pressure, reduced medications and became stronger. They could walk for longer and farther, balance better and do more repetitions with weights. They slept better, breathed more deeply and smiled more!

# JUNE 2013

## Upcoming!

### Summer News:

Seniors will be working in the gardens until September, after which they will begin an Eco-Art Project with Arts4All. During the summer there will be a Garden Party with a live band on July 4th, two Latin Dance Night 55+ Fundraisers on July 25th and Aug. 22nd, trips to Ward's Island, Wasaga Beach, High Park and canoeing by Sunnyside Beach!

### Ontario Seniors Month:

June is Ontario Seniors Month. This year's theme is "The Art of Living". Celebrate Seniors!

## ADULT SERVICES

# Making connections

DPNCHC is the place to socialize, make friends and access community resources. Adult Services offers social and recreational activities, street outreach, harm reduction services and crisis intervention and support. Nutritious meals are served at our community dining program.

For more information, please call **416 656 8025**  
or visit [www.dpnchc.ca/adultservices](http://www.dpnchc.ca/adultservices).

## Highlight

The Splish Splash Swim Program offered by Adult Services at DPNCHC was a great success! The program addressed adult obesity that predisposes individuals to chronic disease. Participants Michael and Anthony Smith benefited from the swim program in many different ways. Both men have barriers to getting in and out of the pool. Following the program they both reported that their muscle control had improved in the water, which is kept above 87 degrees and is classified as therapeutic. Mike Letort started as a beginner swimmer in the shallow end and by the end of the program he was able to complete his deep end test. He is now a member of the gym and weight room which he attends twice a week.

# JULY 2013

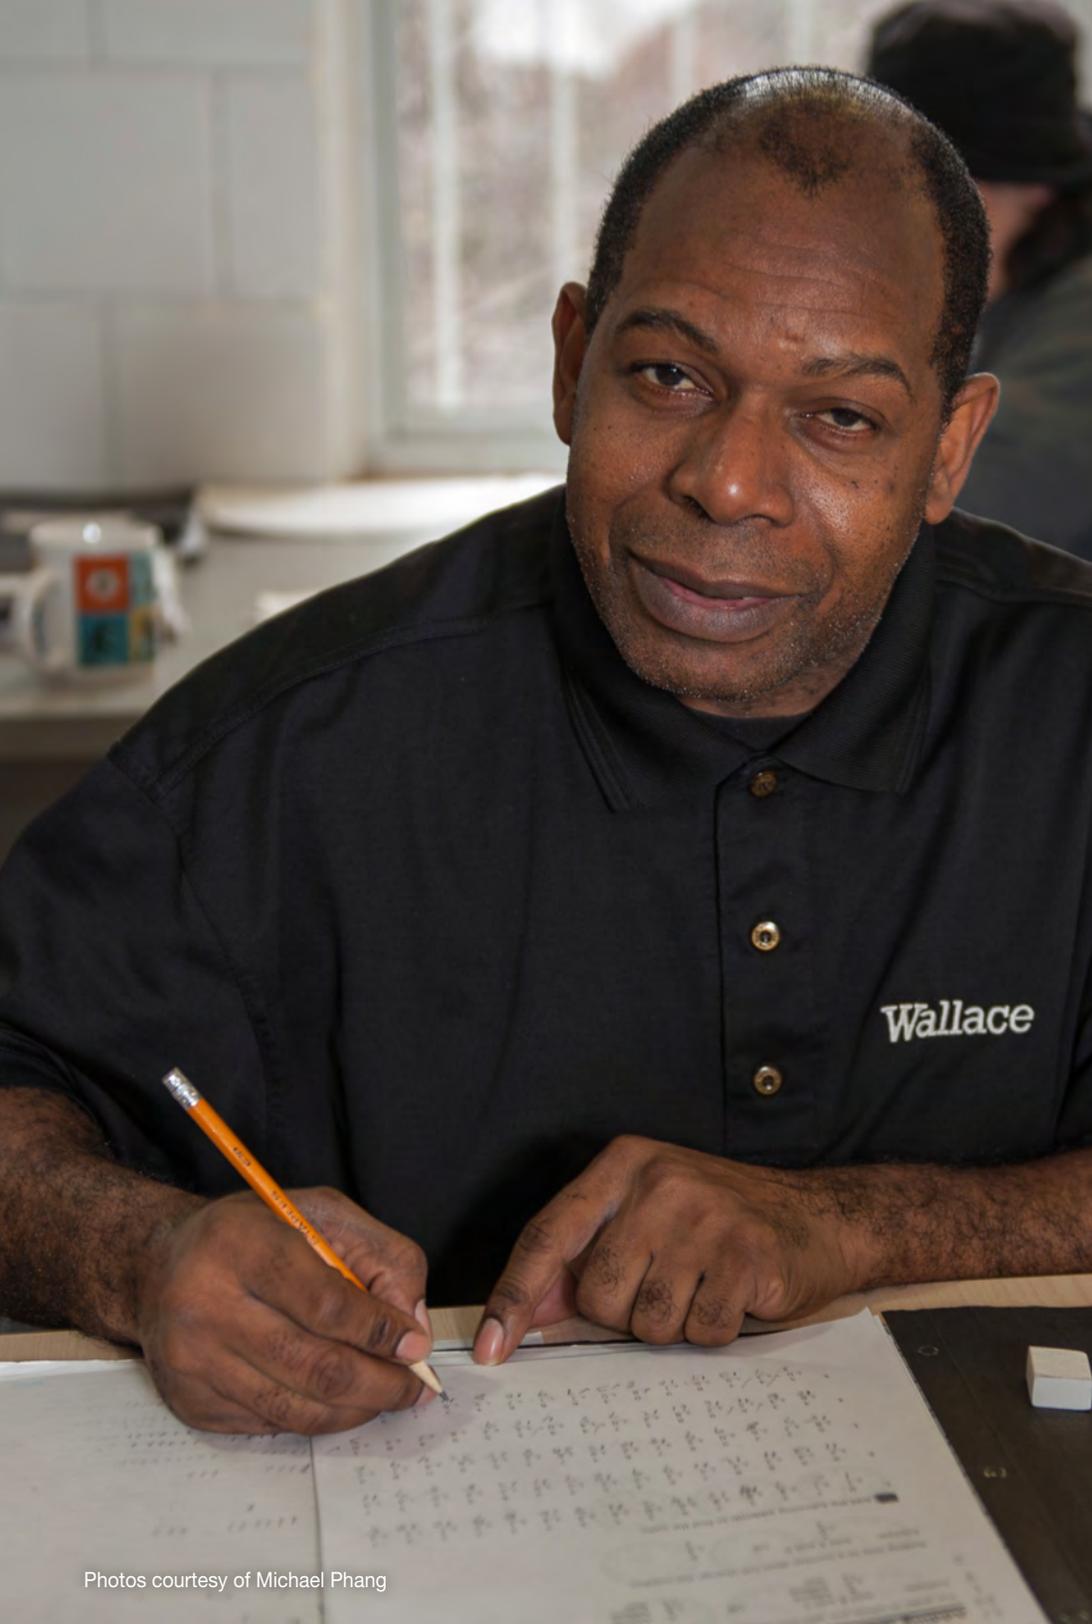

## Great news!

Learn how to swim and become more comfortable in the water with the Splish Splash swimming program. If you are interested in joining our weekly swim, please register with Eileen Hannan 416-656-8025 (ext. 370).

## Summer Trips!

Join us on our annual Wasaga Beach Trip on July 26 and in the fall for a fun and refreshing High Park Trip.

### ADULT SERVICES: LITERACY

## Learn new skills at any age!

Upgrade reading, writing, math and basic computer skills. DPNCHC programs staff will meet with you to assess your goals and develop a learning plan. Choose one-on-one tutoring or work in a small group setting at your own pace. The literacy program runs Monday-Thursday from 1-3 pm and 7-9pm. Registration is required.

For more information, please call **416 656 8025**  
or visit [www.dpnchc.ca/adultliteracy](http://www.dpnchc.ca/adultliteracy).

## Highlight

Several wonderful things happened in the Literacy program this past year. One learner, studying the online citizenship practice test in computer class, received her Canadian Citizenship. Another participant became more confident in her computer and Internet skills, learning more about her two major chronic health conditions and how to create meal plans for herself. Through our partnership with Arts for All, our learners' written work about courage was compiled in a book and put on display during the Arts for All presentation of "I was a brave child". These are just three of many success stories from the program this year!

# AUGUST 2013

## Note!

Registrations for the Literacy Program begin in September.

## Remembering John Paton

DPNCHC fondly remembers and honours Mr. John Paton for his dedication to the DPNCHC Adult Literacy program. For more than 16 years, Mr. Paton tutored adult learners in the program, helping them achieve their reading and writing goals. His yearly donations to the program enabled the purchase of much needed educational resources. His bright spirit, kind heart and commitment to improving lives through literacy will be missed and remembered by all.

## COMMUNITY VOLUNTEER PROGRAM

# There's nothing quite like being a volunteer

Write for our newspaper, spend time at summer camp or assist in our tax clinic and help Canadian newcomers settle in. With a focus on leadership and confidence, we help our communities grow, live healthier lives and connect. Volunteer opportunities include: Community dining, Early Years support, Teaching ESL skills, Tutoring Math and Computer Skills, Senior's activities, Art and Theatre programs, March Break/Summer Camps and translation services. Our volunteers contribute over 15,000 hours of service annually.

**For more information, please call 416 656 8025**  
or visit [www.dpnchc.ca/volunteer](http://www.dpnchc.ca/volunteer).

## Volunteer uses life experience to help others

Ana wanted a volunteer opportunity that would use her extensive experience as a caregiver to help others and gain work experience. With support from DPNCHC staff, Ana started working with a group of 10 seniors. She began by teaching them some essential English words and phrases. With practice, they started improving their basic conversational skills and became more social while making new friends. Many who were shy initially, became much more confident after working with Ana, and felt proud of their achievements. While some could not read or write in their first language, they had learned to do so in a second language!

Through this experience, Ana has honed her leadership skills. She now plans group activities and collaborates as a team member to advance the opportunities for community members to connect, reduce isolation and build skills.

# SEPTEMBER 2013

## Upcoming!

DPNCHC volunteers will be invited to and recognized at our Annual DPNCHC Volunteer Recognition Event in September.

## Remembering Michael Phang

Just as your photographs have captured those precious moments in time, you have captured our hearts. A true friend, a supporter, and an inspiration to us all. You will forever be remembered.

*With love,  
Your DPNCHC family*

#### ARTS FOR ALL

## Tame the Lion, Walk the Tightrope

In February, over 170 community members enjoyed an artistic 4-night performance of *I Was A Brave Child*. Based on Italian and Portuguese Senior's childhood memories of WWII, this circus-themed production featured over 65 performers including: The ARTS4ALL Players, residents of Pelham Park Gardens TCHC and the Scarborough Community Arts Guild Youth Stilters! The play took three year's of community research and collaboration to create and featured a radio play, video, live electro-acoustic tunes, circus arts and masked performers.

For more information, please call **416 656 8025 x245**  
or visit [arts4all.ca](http://arts4all.ca).

# OCTOBER 2013

## ARTS4ALL

ARTS4ALL continues to hold our weekly drop-in, The ARTS4ALL Players, Mondays 3:00-5:00 p.m. in the Sanctuary. We are rehearsing *The Tapestry Series*, storytelling plays based on Pelham Seniors' stories, for early years spaces and small audiences.

As well, ARTS4ALL continues our art-based research project, *The Seeds of Memory*, exploring the gardens we remember and tend, through storytelling and children's fabric book making. Workshops are taking place at DPNCHC and Pelham Park Gardens.

Other upcoming highlights this fall: *I Was A Brave Child* radio play and performance video premiere, and our first *Living Library* installation. Watch for details!

## HEALTH SERVICES

# Health Centre unveiled!

Last fall saw the addition of our new health centre building! This incredible facility helped us extend our free medical care services like primary health care and health promotion, disease prevention, mental health and addiction counseling, as well as our daily 24-hour on-call service, home visits and translator services.

Our team of physicians, nurses, counselors/therapists and our dietitian also offer physical and mental health workshops. We accept clients who do not have health cards and can provide referrals to outside medical specialists and lab services.

**For more information, please call 416 658 6812, visit [www.dpnchc.ca/health](http://www.dpnchc.ca/health) or visit us in person at 1892 Davenport Road.**

## Award

Debbie Tripp & Eugenia Messner

This year, the Association of Ontario Health Centres recognized DPNCHC's Surfing Tsunamis program with its Health Equity Award for 2013. The annual award is conferred to member organizations with exceptional responses to health

equity issues. Surfing Tsunamis is an innovative intervention supporting individuals living with Borderline Personality Disorder (BPD) symptoms. Financial barriers often experienced by our centre's clients and significant wait lists for specialized mental health practitioners prompted DPNCHC's Debbie Tripp and Eugenia Messner to develop the program. The two received BPD-specific counseling training and created the 20-week skills development program that enables clients to manage daily challenges and reduce emotional distress and interpersonal conflict. Surfing Tsunamis has received commendations from leading hospitals, mental health organizations and the Centre for Addiction and Mental Health, each of whom refer clients to the program.

# NOVEMBER 2013

Flu season is approaching!

Help protect yourself and your family by getting a flu shot. It is quick and easy to do and we even offer special flu clinics.

## EARLY YEARS SERVICES

# Please excuse the mess but our children are making memories!

As the Ontario Early Years Centre for the Davenport community, DPNCHC's Early Years Services provides programs for families with children from birth to age six. The program offers a place for families to meet and socialize, learn about child development and access information to support their health and parenting. Families can come and go as they need to and can spend time playing, reading and enjoying meals together. There are six convenient locations across our community with more than 14 programs available. Services are offered in English, Tamil, Mandarin, Spanish, Urdu, Bengali and Portuguese. All our centres are welcoming, safe and fun – they are also the only places you can have a temper tantrum and not be judged!

**For more information, please call 416 588 3755**  
or visit [www.dpnchc.ca/oeyc](http://www.dpnchc.ca/oeyc).

## Highlight

In 2012/13 the Early Years Department had more than 3000 adults and children registered in our program.

In 2012 we completed a two year project funded by the Counseling Foundation titled Engaging Families in the Early Years - Peer Outreach and Health Promotion Project. The initiative included a strategy to train, hire and support a diverse group of parents and community members (11 in total) to reach out to other families with young children. Please visit the website to see the impacts and screening of this tremendous initiative which touched the lives of many women in our community.

“No matter how big you are, when a two year old hands you a toy telephone, you answer it.”

# DECEMBER 2013

## Making a Difference

The **first six years** are the most important years in your child's life. In the early years, the brain forms connections that set the stage for lifelong learning, behavior and health. By age six, children have a solid foundation for reaching their full potential in the years ahead.

Parents and caregivers have the greatest impact on how a child grows and develops in the early years. You can make a difference!

## READY FOR SCHOOL CONNECTS

# New to the Canadian school system?

Are you new to the Canadian school system? Ready for School Connects (RfSC) is a school readiness program for families new to Canada.

### Our program offers:

- Two-week RfSC programs held in schools during the spring and summer for both parents and children;
- Healthy Child Screening events held throughout the year so that children's vision, hearing, dental, speech and language development can be checked before they start school; and,
- Training for schools and community partners wanting to replicate the RfSC model.

To find a RfSC location near you, please call **416 588 3755 ext 555**, visit our website at [www.rfsc.ca](http://www.rfsc.ca) or visit us in person at **1900 Davenport Road**.

## Highlight

This year, a mother and her two children approached a RfSC program leader to give her a magnet with the Nepali flag on it. The mother said she was very appreciative of the support she received from RfSC over the summer. She and her two daughters had only been in Canada a few months. Upon arriving, the mother felt that she needed to adapt to Canadian society and let go of her culture. However, with the support and encouragement of the program, she now continues to instill her Nepalese values, customs and beliefs in her children while incorporating them into her new Canadian culture.

# JANUARY 2014

## Kindergarten registration!

Kindergarten registration begins in February. You can help your child prepare for school by reading together everyday, practicing good bedtime and morning routines and building independence skills. You can also participate in Ready for School Connects which helps newcomer families with the transition to school. **Look for a school location near you!** [www.rfsc.ca](http://www.rfsc.ca)

## CHILDREN AND YOUTH SERVICES

# Young People making a difference

Work at a real job with our Youth Experience Placement. Chat with friends after school (Girls Night Out) or paint an outdoor mural (MuralXpress); these are just a few of our amazing youth programs!

Six to 12 year-olds enjoy year-round creative, skill-building activities. From October to June the After-school Program offers homework help (Wize Up), leadership skills (Youth Action Squad), creative arts (visual, music, dance) and recreational projects.

Our day camp program in March, July and August takes kids on fun trips and outings close to Toronto. Our youth programs include free workshops, cultural projects and job training.

**For more information, please call 416 656 8025**  
or visit [www.dpnchc.ca/youth](http://www.dpnchc.ca/youth)

## Highlight

This year DPNCHC's Children and Youth Services was selected as one of the organizations that will receive multi-year funding through the RBC After School Grants program. We were fortunate to be one of four organizations in the GTA and one of 99 across Canada to receive this funding. We provide programming to meet the academic, social, recreational and cultural needs of young people during the crucial after-school time. With these funds we have been able to expand the number of programming days, include younger children ages 6 – 8, and provide a broader range of leadership and community engagement activities for youth ages 13 – 18.

# FEBRUARY 2014

## Upcoming!

### Black History Month

Join DPNCHC at our annual community dinner and concert as we celebrate the history and contributions of people of African descent.

### March Break Camp

Our March Break camp for children 6 – 12 years of age is coming up March 10–14. Don't forget to register!

## COMMUNITY DEVELOPMENT AND HEALTH PROMOTION

# Your health is important to us!

Through the work of the Community Development and Health Promotion program, DPNCHC is better able to identify our community's health needs and the ways we can improve our clients' health outcomes. This innovative program has facilitated collaboration through community engagement sessions on DPNCHC's new strategic plan. It has also led to the involvement of program participants and residents in the City of Toronto Budget development process, and has designed an oral health research project to improve access to dental care for DPNCHC clients. We look forward to more input and positive outcomes in the future!

## Highlight

### **DPNCHC Civic Engagement and the 2013 City Budget**

On November 29, 2012, the proposed 2013 City of Toronto Budget was released to the public. The budget proposed major funding cuts to affordable housing and funding freezes to community, student nutrition and recreation programs. The following week, DPNCHC program participants attended information sessions and deputation-writing workshops to learn more about what the proposed Budget would mean for their communities and what actions they could take to influence City Councilors' decisions in ways they felt would have a positive impact on their communities. On December 10th, the group traveled to City Hall and made deputations to the City's Budget Committee. They represented the interests of DPNCHC's diverse population and spoke to Council about their own life experiences and goals. On January 31st, a Community Budget Report Back meeting was organized at DPNCHC and many community members participated to learn more about the final decisions made by Council.

## ADULT SERVICES: SETTLEMENT

# Need help settling in Canada?

Our settlement workers provide assistance and referrals for both documented and undocumented newcomers to Canada. Services in both Spanish and English include: information and referral regarding immigration, housing, health, education and other resources in the community. Client information is kept strictly confidential.

**For more information, please call 416 656 8025 or visit [www.dpnchc.ca/settlement](http://www.dpnchc.ca/settlement).**

## Highlight

On December 7, 2012 Myra received her permanent resident status in Toronto. Lorna and Steven sponsored Myra to come to Canada from Grenada in 2009. Myra has a learning disability and had difficulty receiving the care that was key to her health and well-being. Myra found support at DPNCHC from our multi-disciplinary team. Our Settlement Worker assisted her parents with her sponsorship application process. The DPNCHC health team continues to meet her primary health care needs. The Literacy Department's classes help Myra learn and grow. Myra's integration and settlement in Canadian society is brighter due to her stability as a permanent resident. Now 22, she hopes to attend college and work with children in the future.

# APRIL 2014

## Upcoming!

### Refugee Rights Month
